

## Overland Notes: 1/26/2011:

- Membership committee update from Todd, he has a short mission statement for them. Had some discussion on what this group and the communication committee have in common.

### - Race update

- Need to change date on flyers
- Insurance through USA cycling
- Need to determine ambulance & port-o-potty needs
- There is a 3 month lead time for some suppliers like powerbar. We need to get started on this once the application process is successful. Great harvest will provide some stuff if we want.

### - Club supplies

- Need tubes
- Only 250 patch kits
- Need t-shirts. Ron will get an order in with Brian at tweaked gear. Go with same t-shirts as last year.
- Out of patrol jerseys, not sure on what we are getting with the club jersey order.
- Enough socks for the 2011 season.
- Water bottles, have ~130. Will order 200 more in March. They need to be here for spring TKMB.

### - Kickoff meeting

- Re-use slide show from Todd
- Video from Greg
- Slides from Ron.

Patrol training day 5/7

Community Classic            5/15

Spring TKMB                            5/21
