* Date settled on for Last Saturday in March (3/29), with option to move to Sunday for weather considerations.

* Items to bring: tent, patrol and Overland information.

* Still need to coordinate with Rhonda/City of Fort Collins on time and if the city would like to have a presence alongside patrol.

* Need 3-4 people to maintain station at Maxwell Parking lot. We would also like to have one or two patrollers biking the trail and rotating out with those at the tent station.

Communication/Initiation of patrol rides and events (carry-over from previous meeting):

* Decided to print an informal survey for season kickoff meeting to determine which method of communication most individuals would prefer. Possible options include facebook group, group text, email, or google calendar invites.

Other:

* Talked about coordinating a late March meeting, slated possibly for last monday of the month in order to discuss results from season kickoff and finalize details of Maxwell outreach day. No specific date set at this time, decided to coordinate with patrol group via email for optimal meeting time.
